## Reach the Elite in Dublin, Secure Face-to-Face Networking Opportunities

The Metabolomics Society's vision is to become the premier organization devoted to the development of metabolism-based research. With the Society now encompassing more than 1,000 members across 40 countries, there is a great opportunity to stretch your network from a single location.

Dublin is where you need to be this summer to tap into this dedicated group of researchers. Beyond becoming an attendee, there are many opportunities for sponsorship to ensure that your time is saturated with premiere networking potential.

The conference will attract a high proportion of senior scientists with top level purchasing authority. By taking

advantage of the fantastic Exhibition and Sponsorship packages available, you will have the opportunity to position your brand and product at the forefront of the scientific community.

Our exhibition hall is positioned to capture maximum customer engagement during lunch and poster viewing sessions. There are a range of options to suit every budget, keeping your brand front of mind with delegates. Sponsors will also benefit from enhanced brand exposure in web and printed collateral, before, during and after the event when applicable.

Becoming a corporate partner now will build your recognition for years to come as the Society continues to grow.

## About Us

The Metabolomics Society is dedicated to promoting the growth, use and understanding of metabolomics in the life sciences. The Metabolomics Society is an independent, non-profit organization, governed by an elected Board composed of dedicated members of the metabolomics community but ultimately responsive to its members. The Metabolomics Society's vision is to become the premier organization devoted to the development of metabolism-based research. Constituted in 2004, the Metabolomics Society now has more than 1,000 members in more than 40 countries. For more information visit the website at [www.metabolomicssociety.org](http://www.metabolomicssociety.org).
